<b>Satluj Public School, Sirsa</b>	Apr'18-May'19
High School (CBSE)	Percentage:94.2%

### EXPERIENCE

<b>ThinkNEXT TECHNOLOGIES, CHANDIGARH – REACT DEVELOPER INTERN</b>	Jul'23-Sep'23
1. Worked as Developer and QA during this internship.	
2. Designed a Spotify Clone App with some personal projects using React and Rest APIs to get better knowledge of how it works and developed.	
3. Contributed to the development of the application and enhanced user experiences by 50% through interactions & real-time updates.	

### PROJECTS

#### KEEPER APP – REACT | POSTGRESQL | NODE.JS

An App build for users to keep important key points of their day to day life. It has facilities like we can update any time and can delete the task once completed. Main point is that it remains with user as it is data they save.

#### WORLD TRACKER APP – POSTGRESQL | NODE.JS | RESTful APIs

An App build for users to keep track of their visited countries with visual representation and one can compete it with their family members or friends staying with in the same app(it is multi user). Just for fun.

#### QUIZ APP – REACT | HTML | CSS

An App build for users to test their aptitude skills as well as general knowledge of world. It is necessary as user will be forward in game of learning.

#### ECOMMERCE WEBSITE – REACT | JAVASCRIPT | HTML | CSS

A website build for users to buy sell goods on internet.
